LITERATURE/CATALOGUES

Lots 300-305 are all the Standard Edifil catalogues ("Catálogo Unificado Especializado Sellos De España"), Green Edition, so published 2005-2008. Unlike Scott, this Catalogue is not updated every year. Edifil is the standard for Spanish philately including regular issue, back of the book and colonies; if you are collecting Spain you must have this catalogue. The books are in excellent condition with only a few markings. While, not the most current edition, the catalogue numbers rarely change; no one buys stamps at the listed values. This is the edition I use for auction catalog referencing. All are hard cover with good binding. The 2012 edition cost €80 plus postage each (so about \$115). These catalogues have been donated by an SPS members so all proceeds go to the club.

253	Sofima-"Catálogo de Los Sellos Locales Emitidos Durante La Guerra Civil España 1936-1939". This is the standard catalogue for Spanish Civil War locals/patriotics. I use it extensively for cataloging items for these auctions. This is a soft cover book, 360 pages in good condition. This is a must for anyone collecting SCW items. Included is the sought after index mapping Spanish provinces with local towns. This catalog is a compilation of stamps issued by various localities during the Civil War, whether Nationalist or Republican. Often referred to as the 'SOFIMA catalog'. Out of print.	20.00
254	Galvez 1960. This was the 25th edition of the Galvez catalog and it is still considered to be an essential part of the library for those interested in Spanish philately. This catalog has detailed listings of regular and air mail issues, revolutionary overprints, telegraphs, some revenues and charity issues. The charity issues are mostly, but not exclusively, Nationalist issues. This text was reprinted by Ronald Shelley in 1970 and in every way is identical to the original. Hard cover in reasonable condition. Only a few markings. A must have in your library. I use this catalogue for a standard auction reference. Binding intact but a little loose.	18.00
255	The Republican Political Labels (1936-1939) by F Gomez-Guillamon and produced by R. G. Shelley in 1988. This has been the bible for labels and the reference used in these auctions. Hard cover, good condition and good binding. This catalogue is in English. A must have. The first comprehensive catalog of the labels issued by the Republican political organizations during the Civil War. No stamp pricing, but scarcity is noted in one of four categories. Out of print, but a reprinted version is available.	20.00
256	The Republican Local War Tax Stamps (1936-1939) by F. Gomez-Guillamon and produced by R. G. Shelley in 1977. The bible for Republican SCW locals. Soft cover, good condition. A must have. The first comprehensive catalog of the Republican local stamps issued by the various towns during the Civil War. No stamp pricing, but scarcity is noted in one of four categories. Original printing limited to 500 copies, but a reprinted version is available.	20.00
257	"Album Weeds, How to Detect Forged Stamps" by Reverend R.B. Earée. Soft cover, excellent condition, 500 pages, in English. Covers worldwide stamps.	15.00
